Canine Dental Estimate

The following is a list of the treatments and/or supplies expected to be used at your dog's dental visit and their approximate cost. This estimate only approximates the cost of this visit, as anesthesia times can vary from patient to patient. It does not include any treatments that may be deemed necessary upon examination and commencement of the procedure. This may include extractions and/or surgery. You are responsible for all fees incurred during this visit whether included or not on this estimate.

If you have any questions concerning this estimate, please do not hesitate to ask. Prices are subject to change, so this estimate is void after 30 days from the date above.
